Good afternoon Sharon. Your situation is exactly why FASD exists. Our mission, in part, is to strengthen special district in Florida through education, certification programs and networking opportunities. As a member, you have access to documents, limited attorney access, our newsletter, discounted pricing on our member meetings, Legislative Forum, annual conference and our Certified District Manager Program and Certified District Official Program, discounted rates on our webinars and unlimited networking opportunities through me and other members. Should you have a question I cannot answer, I will refer you to our attorney or I'll pose the question to all of our members for feedback. At our annual conference we have sessions on ethics, Sunshine Law, election law, public records, financial management and audits and several other pertinent topics. One of our Board members, Joe DeCerbo, the District Manager of Spring Lake Improvement District, has helped several districts to get back on track. I have copied him on this email so he is aware of you situation and you can reach out to him for advice. I have attached our membership application and dues structure for your review. Please note that we have a graduated structure for new members where you pay 50% the first year, 75% the second year and then 100% the third year. We have several districts in Manatee County so I am sure I can find someone to address your Board on the benefits FASD can offer your district. If we can't find someone local, I can come down from Tallahassee if you give me some lead time. I invite you to also follow the link in my signature to our website where you can find more in depth information about our certification programs and information about what FASD has to offer. Please let me know if you have any questions. Thank you for the opportunity to show you what FASD can do for you.
