Members should call an Officer if they have problems working any equipment. Instruction on a piece of equipment can be set by appointment. Officers' phone numbers are on the front window.

Shop users are required to Sign-in at the door and Clean up after using the Shop. If there is any problem with a tool, please notify an officer and leave a note/tag on the tool. We will see you at our October 9th Meeting in the Shop.

It's a Beautiful Thing

How are you doing? Still healthy?

The older I get the less I understand. People close to me say "I will not get a vaccination because blah, blah blah 123." I look up these reasons and I don't get the same message. The facts seem to be that most of the people in the hospital with Covid were not vaccinated. I'm not overly bright, but I can count to 100. My thoughts are if you don't care about your life, please consider mine, your family's, friend's and loved one's.

There is still an opening on the Board of Trustees. You can do the job. There's no training, no learning curve, just simple rules. This new Board is unlike any of the past – moving forward and making decisions to make Bayshore Gardens better. If we don't hear from you, we do the best we can.

Do you or is there someone you know who would like a Spanish version of the Bayshore Banner? Contact the coordinator, Belle Baxter, at bsgboto9@gmail.com. We would need a translator as well.

Lots of events are planned for the next several months – please check the calendar in the Banner or the website.

Thank you for reading this – It's a Beautiful Thing

MANATEE MATTERS WITH COMMISSIONER MISTY SERVIA

TIME TO CREATE NEW COUNTY COMMISSION DISTRICTS

Once a decade we redraw our political districts to reflect the population changes. With information from the 2020 census delayed by the coronavirus pandemic, we recently received the data and have to redraw the boundaries in short-order. BEBR (Bureau of Economic and Business Research) expected the total population numbers to come in slightly higher than the roughly 399,000 census number, but this is the figure we have to use to balance our representation.

Manatee County has 5 independent county commission districts. Growth in the last 10 years has been primarily in the northeast and southeast portions of the county, and therefore the population has skyrocketed in Districts 1 and 5. Our challenge over the next few months will be to redraw the district boundaries to achieve a more balanced population in all 5 areas. Can you guess who has an opinion about how this should happen? Just about everyone!

While there is a very short amount of time to accomplish this task, in my opinion, it's critical that the public be involved. Manatee County is in the process of hiring an independent consultant to help us create the new boundaries, and I will press for a committee containing one resident from each of the five districts and an employee from the Supervisor of Elections Office to work with our consultant in an effort to safeguard efforts to game the system.

The U.S. Supreme Court affirmed in *Miller vs Johnson* in 1995 that racial gerrymandering is a violation of constitutional rights and federal law prohibits breaking up minority communities and watering down their voice. Just weeks ago, the Federal Justice Department released a set of redistricting guidelines related to the Voting Rights

Act, warning states and local governments redrawing district maps against diluting the voting power of minority communities. Now, I don't expect racial gerrymandering to be a problem here but make no mistake that this is serious business, and the U.S. Justice Department will take over if there is a misstep.

All district boundaries are going to change, and I invite you to engage in the process. Contact your district commissioner and your at-large commissioners to send them your thoughts. State districts can be fiercely partisan, but the local government boundaries should be based on keeping neighborhoods and specific areas together and producing compact districts that represent who we are. Let's all work together through a transparent and fair process to create the best districts that will serve our community for the next 10-years.

Misty Servia is a county commissioner who represents District 4 and a certified land planner. You can reach her at misty.servia@mymanatee.org
